

JOEL JURIK

Report Meeting – 5/29

Assignment 4 (Clustering)

Using 3 clusters

Assignment 5 (Recognition)

- Did get a result, but it was only about 30% accurate (due to an error on my part, and not using many images/data points)
- Now clustering on my desktop computer...

1st pick

- Dr. Sukthankar's project on object recognition
- ...or any other projects dealing with object/face recognition
- Object/Face Recognition has always been an interest to me

2nd pick

- TRECVID
